## Synopsis

Introducing Cuffed, the first book in a seductive new romance trilogy from author Eva Grayson.

Cassidy What an arrogant prick. I cannot believe Austin Smith has the balls to hit on me right now. I don't care if he's gorgeous, rich and as sexy as any man I've ever met. Austin Smith left my life in shattered pieces with nobody around to help pick them up. But here he is, at this bar, hitting on me, and I can tell he has absolutely no idea who I am. The bastard doesn't even have the courtesy to remember the faces of those he crushes under his expensive Italian loafers on his way up the ladder of success. I want to get some revenge. I'm just not sure I'm strong enough to resist having a little taste of him first.

Austin There's something about Cass. Something vulnerable, something sexy, something I can't quite put my finger on. But I can put my hands all over her, and I will. She's playing coy, hard to get, but not hard enough. And soon I'm going to get her out of this bar and into my bed. I know it's only a matter of time before she's naked beneath me, and I can already practically taste her on my tongue, feel her skin, and damn if she's not driving me crazy. I live a high-stress life and there's very little time for pleasure. But tonight, I intend to take my time with this woman. And before all is said and done, I'm going to have her CUFFED.

## Customer Reviews

I stumbled upon this book as I was browsing for a new book to read. First I'm not happy with 3 short chapter books when it could have been one longer book ,but this book was good. It has interesting characters,intrigue, human turmoil and great sexual tension. I would recommend this book for matured reader's.

This has a great story line and not your typical same old same old. I loved the chemistry between the characters. Great ending.... Can't wait to read the next book!

Loved this book. Can't wait to read book 2. I highly recommend this book to read. Love this author too! Couldn't put it down.

Has got me intrigued so far. Enough that I've went and got the 2nd book. I'm hoping the h grows a little more backbone but other than that pretty good so far!!

This is going to be a good series I was very hook in what was napping and what was going to happen. Next I can't wait to read what's next

Loved it a must read funny the way she tricked him...
