Customer Reviews

So helpful! We own similar books for two other islands and they have been wonderful helps.

Everything I have reviewed in this book is accurate--even had some "locals" comment on their surprise with its accuracy. Highly recommended!

We have used the 7th edition for two trips to the Big Island and will use the 8th for our next coming up. I have the 7th on my phone and will cross reference between the two for day trips where I can only use the phone. The series is a one of a kind travel guide and sets the bar for all others to achieve. Doughty and his crew have really done their homework and the guides are written in a fresh, non boring, conversational style, inserting his sense of humor and personal Aloha for the islands throughout. In my opinion, this is the best guide for the Big Island, bar none. All the others I have purchased stay home when we go. Every aspect of your trip is covered whether you be a blatant pay for all tourist, a do it yourself adventurer, or one caught somewhere in between.

These books are amazing. If you are planning s trip to any of the island I highly recommend them (I also have them for Oahu, Maui and Kauai). They are way better than your average tour type book. They have great pictures and describe how to get to places in a way most guides do not.

Very thorough but quite a weighty book to carry about

These guys write the best travel book ever. I have multiple versions of there Hawaii books. Highly recommended

Extremely informative and helpful. Feel like my first trip to the Big Island will be grand.
