Customer Reviews

I started Heat last night and couldn't put it down until I was finished! I definitely enjoyed this book. Janie Hall is a strong, independent woman who works hard for what she has all on her own. She doesn't take help from others and prides herself for being able to stand on her own two feet. She owns and runs Red Hall Lounge, a popular restaurant. She has loyal employees, for the most part, who want the best for Red Hall. Jake Ferry is the son of Reginald Ferry, a ruthless business man who wants to force Red Hall to close so he can take that spot for another business. He already

opened Ferry Lights across the street from Red Hall even though there was a better location somewhere else. He did it just to spite Janie, and she knows it. Jake Ferry is sent by his father to get on the inside with Janie and take her business down. Jake is tired of being his father's lackey and wants to break free of his father's narcissistic control. If he does that he could be out on the street without any money. Janie and Jake aren't supposed to be friendly to each other, fraternizing with the enemy is big no no for Janie and all of her employees. Janie can't let her feelings go and Jake can't bring himself to continue to sabotage Janie's restaurant. You definitely need to pick up Heat to find out how Jake handles his father and Janie handles both Ferry men coming for her! I absolutely loved their HEA at the launch party, especially when she was finally able to fire Gloria! I highly recommend this book. I received this book in exchange for my honest review.

I received an ARC for my honest review. Janie is a hardworking woman who owns her own restaurant. She has worked her butt off for everything she has, despite an emotionally inadequate mother, a step father that is pure scum and twin brothers that care more about themselves than anything. And in walks Jake Ferry. Jake is a spoiled brat that does everything Daddy dearest demands. I was 1/2 way through the book and I almost put it down. Jake was still so under his dad's thumb that I didn't think anything could redeem him. But something changed within him and he started to become more human. And I started to really root for him and Janie. You will want to keep reading just to hear what Jake finally says to his father and when Janie takes Gloria at hand! The only reason I gave 4 stars instead of 5 was because it took so long for me to actually have feelings for Jake, other than disgust! This was the first book I've read by Jess Bentley...but it won't be the last!!!

This honest review is provided in return for having received an Advance Reader Copy (ARC) of the book. Desperation drives Janie -- a strong, independent, resolute woman. She is responsible, emotionally and financially, for her neurotic mother. She was abandoned by her father as a child. She has single-handedly forged her successful business from the ground up. And someone wants to take it from her. That man is Reginald Ferry, billionaire, emotionally-abusive womanizer, and despicable businessman willing to commit illegal and underhanded tactics to drive small business owners out of business. He's even willing to use his only son, Jake, as a tool to destroy Janie's successful restaurant, Red Hall. That backfires on him, big time, as Jake and Janie travel a rough road of lust and love ultimately finding their HEA together. Things heat up when Jake takes the reins and proves a man is defined by his actions. This is a well-crafted story by the authors about the

social food chain at its best and worst. The characters have depth. The plot lines are intricate and interesting. The story is captivating and authentic. Enjoy a sumptuous taste of heat for your reading palate.

Janie Hall, on her own, created and built Red Hall Lounge. While keeping the lounge afloat, she also helped pay her mother's medical bills as her mom wasn't in good health. Across the street from Rose Hall was Ferry Lights, another lounge owned and operated by Reginald Ferry. Reginald was not an honorable person and people carried out his orders. Reginald had the demise of Janie and her lounge and wanted his son, Jake, to be a part of taking down Janie. Jake did not want to do his father's bidding but Reginald threatened him, which he was good at doing. Jake didn't want to ruin Janie because he was falling for her and respected her. The two started spending time together and Janie started to drop her guard around Jake. They had sex and unimaginable happened....Janie got pregnant. Janie was horrified as to who the father was - a Ferry. She pretty much decided not to tell Jake right away but ran into him as she was leaving her doctor's office. Jake looked from the signage on the building to Janie, and he knew. What happens next you will have to read as I don't want to ruin the story; I definitely recommend "Heat".

This is the first book I have read by Jess Bentley, but will not be the last! This book is about Jake & Janey. Jake is the son of a ruthless billionaire. He doesn't agree with his father's practices or even like the man, but he does his bidding because he can't turn his back on all that cash. His father has his sights set on Red Hall which is Janie's business. He wants to destroy her business and her in the process if necessary and he wants to use Jake to do it. Jake doesn't feel the same, but may not have the gumption to stand up and say no! Janie is a self-made business woman. She is successful, hard working, loyal and smart. She realizes Jake is working on his father's behalf to try and take her down. Sadly, she has to keep reminding herself of this because she is very attracted to him. Obviously, they come together sparks fly, things happen and boy do you get a surprise at the end that I did not see coming. This is a quick read that flows nicely. I would recommend this book to you! Enjoy!!! I was given an ARC for an honest review.
