# Taken: Inside The Alien-Human Abduction Agenda

## Synopsis

After several years of being out of print and becoming a bit of a collectors item; TAKEN, the startling accounts of alien abduction as documented by the late Karla Turner, has been refreshed and reissued faithfully with the sole input and authorization from husband Elton Turner. With a new foreword written by the legendary Nick Pope who with 21 years of experience at the British Government's Ministry of Defence and an incredible history of research and broadcasting, puts it best that Taken is a real 'researcher's book'. This is the ultimate investigation of the paranormal links between humans and 'other worldly' beings.

## Customer Reviews

'Taken' was the second book (of three) published by Arizona-based professional academic and educator Dr. Karla Turner PhD, who died of breast cancer at the tragically young age of 48. Turner had a stable and loving marriage and a family, and for several years prior to her death on 10 January 1996 worked to publicize the reality of the alien abduction phenomenon to academia and to a wide public audience. She appeared several times on mainstream media/TV, and you can find

uploaded videos of her lectures and interviews on the web. Her first book, 'Into the Fringe' published in 1992, is essentially autobiographical and chronicled the process of how she became aware that abduction by 'alien entities' was the origin of a range of bizarre and otherwise inexplicable events which afflicted her family over many years. These included multiple close-proximity sightings of UFOs; episodes of missing time of several hours' duration; night-time visitations; persistent, repeated and dramatic patterns of body scarring and various poltergeist-type activity experienced by different members of the family, especially by her husband Casey (Elton) and son David. It recounts a journey from puzzlement and ignorance to eventual reluctant acknowledgement that the abduction phenomenon was the only explanation to fit the data. In the months following the publication of ITF, Turner was contacted by scores of people with stories essentially similar in content to those of her own family, was drawn to interview these people and investigate the cases herself.
