Adventure North

Synopsis

After accelerating their studies and graduating high school early, two teenagers set off from their hometown in Minnesota to embark on a 2200-mile canoe journey up the heart of North America. Their destination: the permafrost shores of Hudson Bay. Inspired by a passion for the simple life, where gadgets and schedules are replaced by nature and its harsh beauty, the duo found something that many believe is lost: a true adventure. Follow the pair up the flooding Minnesota River and through the prairie plains of North Dakota, across man-sized waves on Lake Winnipeg, and down the foaming rapids of the Canadian north. The triumphs and trials of the unforgiving wild challenged their friendship, dreams, and lives in a way that even they could have never predicted. For those who have dreamt of wilderness escape, or those who prefer to simply read about it, Adventure North will spur the imaginative spirit and remind you that adventure is always just around the next bend.

Customer Reviews

I read an advanced review copy of this book. It is a true life adventure of two young boys who lived out their dream to paddle from Chaska MN to Hudson Bay. Paddling 2200 miles in a canoe brings

new struggles each day. Enjoy the ride!! It is well written (not a journal) and it is a good read for any age.

Sean has a great knack for setting the scene and does a great job taking us along on their journey to Canada. The author's voice is genuine and easy to relate to. A beautiful mix of man vs man, man vs environment, and man vs self- definitely worth the read!

This book made me feel like I was along on the trip. Well written, vivid descriptions of their trials and tribulations as they completed this journey of a lifetime. Worth the read.
