A Calendar Of Wisdom: Daily Thoughts To Nourish The Soul, Written And Selected From The World's Sacred Texts

Synopsis

This is the first-ever English-language edition of the book Leo Tolstoy considered to be his most important contribution to humanity, the work of his life's last years. Widely read in prerevolutionary Russia, banned and forgotten under Communism; and recently rediscovered to great excitement, *A Calendar of Wisdom* is a day-by-day guide that illuminates the path of a life worth living with a brightness undimmed by time. Unjustly censored for nearly a century, it deserves to be placed with the few books in our history that will never cease teaching us the essence of what is important in this world.

Tolstoy's last major work reflects his desire to proselytize the moral faith and ideals he struggled to put into practice in his later years. Tolstoy believed that reading daily from the world's great literature was imperative for both his own spiritual edification and that of his readers, so he set himself the task of gathering a wide range of wisdom for every day of the year. He translated, abbreviated, and in many cases expressed entirely in his own words these "quotations" from diverse sources such as the New Testament, the Koran, Greek philosophy, Lao-Tzu, Buddhist thought, and the poetry, novels, and essays of both ancient writers and contemporary thinkers. An important book now released in English for the first time. Copyright 1997 Reed Business Information, Inc.

Sarah Ban Breathnach SIMPLE ABUNDANCE All writers believe that there is one book that they

and they alone were born to bring into the world. The great Russian novelist Leo Tolstoy believed his was A Calendar of Wisdom. Here is a profound and passionate collaboration between the Great Creator and one of history's consummate artists. That we should be able to reach through the portcullis of the past to share the private observations that inspired Leo Tolstoy to discover the sacred in the ordinary a century after he gleaned them from the world's sacred texts seems to me to be nothing less than miraculous. You'll feel as if a devoted spiritual guide, with a wink in his eye, has secretly helped you circumvent the laws of heaven and earth in order to nourish and sustain you on your own personal journey to wholeness. Savoring each day's passage fills me with gratitude, delight, and often awe. Here is a book to be cherished.
