## Customer Reviews

Mrs. Frizzle takes her class on an "extremely" hands-on field trip, and takes her readers on an "extremely" hands on voyage as they can place stickers on the book to create their own scenes. Students can learn about different planets, moons, meteors, and more, and younger children enjoy the stickers!

This book was cute, but definitely NOT worth the 25\$ I paid for it! At that price, I thought it would be a more substantial book, but as it was, it was a mere approx 25 page book with some stickers.

love the stickers, great for the back of the car, bright colors and easy to apply stickers. story line is great also

Great condition
