Customer Reviews

I just bought this book for my course and it did not have the access portal code for online assignment,quiz, and EC.

Make sure you read the full details when purchasing college text books. I need the launchpad key but it didn't come with one. So essentially the book is useless to me if i can get the E-Text instead and the key for cheap

Great book. Helped me pass my geology class at a good price. Easy to learn geology and geography. Simple read.

favorite class, keeping this book for personal reference

Had a page torn out and just inserted inside.

It is very easy to find what look.

Great pictures!

Awesome thanks
