Customer Reviews

This book is useless. My 8 year old son is an avid squash player, and I thought it would be great for him to have a book that showcased great players, with photos and short write-ups about their achievements. Too bad this book doesn't offer that -- frankly, it doesn't offer much of anything at all. It's just a list of names with no context and weird jokey phrases that have only slight relevance to the person. Don't waste your money.
