An interesting story of two people reconnecting at a bad time. Rosalie finds out her ex, Jensen is back in town. She needs to tell him he's a father, and when the boy is sick, she's forced to face him. Jensen is shocked to see Rosalie, after their acrimonious parting. They work together, for the sake

of their son, and slowly reconnect.

This was a nice clean romance story. I enjoyed Rosalie and Daniel's characters. Glad that Jensen came around and figured out that Rosalie only wanted what was best for their son. Held my attention until the end.

Weak characters and under developed plot. Scenes skipped and had gaps that left the reader hanging and waiting for more action. Ending was very abrupt. Chemistry was missing between the two main characters.

This book was about a couple who dated in college, and circumstances made them have to meet later in their life. The only thing I didn't care for, when Jensen worried about the amount of money he may have to spend. He knew that Rose wasn't asking for money. For a billionaire, money seemed more important at first. Buy it , so that you can find out why.

The novel was billed as a wholesome romance, but I found it not well written and not very interesting. Two things structure out 1) why would a billionaire ask for assistance in paying medical bills and 2) a comment about getting a white substance over the father's clothes. I originally gave the book two stars, but thinking further, I changed the rating to one star. Read only if no other book is available.

This book was not very good. I never really connected with the characters. The storyline was all over the place. The writing is without style. It is as though the author had an outline of thoughts but never really fleshed them out. The dialogue is not believable.

It was a nice clean romance to me it could have been better. Some of the paragraphs could have been left out. And what I couldn't understand, if she had depression carry her son Daniel and over drank, that made her an alcoholic. For her to drink through out the story, I just didn't think that made sense. That's one curse I wish my family didn't have. So in saying all this, I still would read you next story. Ztoria

Ok let me say this the story was flat and had many gaps in it. I understand a clean romance but this story was sad. Not because a little boy was sick he was the only character that was a little

interesting. The others were like plastic dolls and unreal even for fiction. I am starting to believe that the BWWM Club is like in baseball the minor leagues every once in while a member of the team does really well and sent to the Major leagues the rest of the team stays in minors because they are sub-par. Read an interracial author such as Tiana Laveen or Trevion Burns or Xavier Neal and compare it to your works. It's mind numbing how bad most of the stories written by the BWWM Club are
