Prealgebra: An Applied Approach

Synopsis

As in previous editions, the focus in PREALGEBRA remains on the Aufmann Interactive Method (AIM). Students are encouraged to be active participants in the classroom and in their own studies. For the first time in this edition, How To examples appear before the paired Examples and You Try It problems--a hallmark feature found in all other books in the Aufmann series. Presenting students with worked examples, and then providing them with the opportunity to immediately solve similar problems, helps them build their confidence and eventually master the concepts. Simplicity is key in the organization of this edition, as in all other editions. All lessons, exercise sets, tests, and supplements are organized around a carefully constructed hierarchy of objectives. Each exercise mirrors a preceding objective, which helps to reinforce key concepts and promote skill building. This clear, objective-based approach allows students to organize their thoughts around the content, and supports instructors as they work to design syllabi, lesson plans, and other administrative documents. New features like Focus on Success, Apply the Concept, and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success. The Sixth Edition also features a new design, enhancing the Aufmann Interactive Method and making the pages easier for both students and instructors to follow. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. NOTE: This is a standalone text.

Book Information

Paperback: 768 pages

Publisher: Cengage Learning; 6 edition (January 1, 2013)

Language: English

ISBN-10: 1133365450

ISBN-13: 978-1133365457

Product Dimensions: 10.7 x 8.6 x 0.9 inches

Shipping Weight: 3.1 pounds (View shipping rates and policies)

Customer Reviews

This is the best pre-algebra that I have ever seen. The book is well written and self explanatory.

Each chapter is built upon the previous chapter. Love it!

It was amazing to have been able to use this book for school. I was able to count on this company

Got it in the mail on time and for a good price too.

great book!! a lot less than buying it at school!!!

Yes thank you! I'm very happy with it!

The book is great! Thank you
