OMEGA (Demon Chaser Book 1)

Synopsis

• - Goodreads Reviewer
Demon Chasers
|Protectors of humanity. Sworn to uphold the peace. Oath bound to keep the existence of demons a secret. Katy is an ordinary girl living an ordinary life until she's abducted and for no apparent reason. Demon Chaser Cole rescues Katy from the claws of the Alpha of a resident demon wolf pack. Hunted by Bain and his pack, Cole must try and find out why the werewolves are willing to risk a two hundred year long standing agreement with the Demon Chasers in order to have her. Bain is a cruel SOB who's had run-ins with the Demon Control Agency before so whatever the reason, it's sure to be depraved. The Chaser suspects that Katy is not as innocent as she seems. Cole had better unravel this mystery fast because the shifters are closing in and more importantly, the longer he's with Katy the more impossible he finds it to resist her. Cole's been burned before and it almost cost him his career. He'll be damned if he lets it happen again. Explicit content of an adult nature

Customer Reviews

There are so many of these "chosen one" type of stories out there right now in this genre and some of them are actually good. This one however, is not one of them. On the surface it's an interesting premise, as they all are, but there is nothing provoking here. It's straight forward in its tack. You know exactly where it's going from page one and there is not enough talent, not enough mastery, to make this sing. It is poorly, if at all, edited. I don't know if I've read so many punctuation and grammar errors with incomplete sentences in any type of "published" work. I know it's not always easy and things get missed, but there were quite a few. It became distracting. The characters are stock and yet, not fleshed out enough. Part of that comes from what I think are just general flaws in the story telling. I think this could have been really good, that is, if it wasn't a novella. There could have been more, should have been more and it would have been better. As it stands, it is too choppy and really kind of cheesy to catch my eye. It ends up in its telling sounding kind of hokey and unbelievable. Yes, you have to suspend some belief when you read stories like these, but it still must be believable in the context of this type of world. It was impossible to buy that because we're not given enough to lean on and what we are given in explanation and description of the world and its rules are so vague and pedestrian you can't trust them. For me, it wasn't even sexy. Sometimes, that's enough to cover a weak plot and storytelling. Who doesn't like a good bit of heat? This time around I was bored by the love story itself and the actual passion made me laugh because it was just so... cheesy. I couldn't get lost in their love, I just couldn't.
