King Of Wall Street: A Sexy, Standalone, Contemporary Romance

Synopsis

THE KING OF WALL STREET IS BROUGHT TO HIS KNEES BY AN AMBITIOUS BOMBSHELL. I keep my two worlds separate. At work, I'm King of Wall Street. The heaviest hitters in Manhattan come to me to make money. They do whatever I say because I'm always right. I'm shrewd. Exacting. Some say ruthless. At home, I'm a single dad trying to keep his fourteen year old daughter a kid for as long as possible. If my daughter does what I say, somewhere there's a snowball surviving in hell. And nothing I say is ever right. When Harper Jayne starts as a junior researcher at my firm, the barriers between my worlds begin to dissolve. She's the most infuriating woman I've ever worked with. I don't like the way she bends over the photocopier "it makes my mouth water. I hate the way she's so eager to do a good job "it makes my dick twitch. And I can't stand the way she wears her hair up exposing her long neck. It makes me want to strip her naked, bend her over my desk and trail my tongue all over her body. If my two worlds are going to collide, Harper Jayne will have to learn that I don't just rule the boardroom. I'm in charge of the bedroom, too. The King of Wall Street is a sexy, stand alone, contemporary romance.

Customer Reviews

Firstly I've took a few days of processing my thoughts before writing this review because King Of Wall Street rendered me speechless (that's an achievement for anyone to do to me lol - I'm a talker ;)) however Louise Bay literally left my thought processing scattered to the wind after I finished this book !! I knew exactly how I was feeling but I just couldn't conjure the vocabulary that expressed it to really do this book justice.....I can only hope this review does portray the absolute brilliance of this read! This is now the fifth novel I've read from this author and I can honestly say I've never been disappointed with any of her books but this story set it apart. Louise Bay is now a go to author for me in that I will click any of her titles that is released as I know I'm not going to be disappointed. King Of Wall Street without doubt has to be a firm favourite of mine for certain. I was extremely lucky to receive this book as an ARC and it arrived on my kindle at 7pm, after mummy duties were fulfilled and the children were asleep I dived straight in at about 10pm. By 3.30am I was reading the last page and left feeling in total awe of this authors ability to suck me into the fictional world she created. I could NOT put this book down - the sleep deprivation was so worth it !! Not only was the story line intense and mind gripping for me but the humour and character interaction was consuming as well. I felt like I was part of this book, almost like an extra character that was observing the scene from within the scene. Any author that can make you feel immersed in the performance they are describing is worth their weight in gold in my view and has accomplished their job.
